what is the art of California? what do people think of?  
poets and painters maybe but mostly movies, TV,  
photographs even video games  
all of the reproducibles that don't have an aura original  
is that what's at the Getty? It has van Gogh's Irises,  
Rembrandt's The Abduction of Europa, all the marbles  
on its hill, looking down at L.A. with its Hollywood sign  
and its stars on the sidewalk that people even walk on
