

ART SHOW

Their classic pose
Post Post modern
Dominates a muted room
Of only half a dimension
At a time indeterminate

Three very feminine painters
Seated on unseen chairs
Dark eyes intently gazing
Into an eternal rural landscape

into an eternal landscape

Minds and hearts have fashioned
Works lining ~~narrow~~ ^{sharper starker} receding walls
Just beyond the reach
of delicate yet weary hands

These women ^{project four} ~~appear as~~

as Introverted muses
Each complementing the other
Their images ^{though} ~~are~~ individual
~~all~~ but also seamlessly melded

So clear is the message
The spirit of the three
Is an unaltered essence
of that within each one

Even the most skeptical viewer
Can not determine why
Their separate lives
have gone unmerged.
