

CHRISTMAS COUPLETS - 2005

**Waxy deep green holly leaves
Accent lovely entry wreathes
Evergreens festoon our plainest walls
Roping spreads throughout the halls
Snow globes offer wonderlands
When gently shaken by loving hands
Tinsel glitters in the cold
Sun shone brightly on garlands of gold
Brilliant display of sculptured lights
Rule the evening Christmas sights
Shiny foils tightly wrap
Even the plainest winter cap
Sweet treats of every type and kind
Grace ^{the} ~~our~~ table and boggle ^{our} ~~the~~ mind
Friendly faces carol aloud
Songs that please a festive crowd
Love and affection each one extends
With fondest hope to family and friends
Joyous memories of Christmas past
Fade to New Year dreams of peace at last.**
